

# Classroom Safety Map (Room A218)

Label the locations of each of the following safety features of the room, by putting the appropriate number on the floor plan. On the back or on a separate page, write down what each safety feature is used for.

- |                        |                  |                           |                           |
|------------------------|------------------|---------------------------|---------------------------|
